SUMMARY

Native Android Developer specializing in modern architecture, Jetpack Compose, and multi-module project structures. Proven track record of architecting scalable applications from the ground up and managing production builds with tens of thousands of active users.

TECHNICAL ARSENAL

- **Languages:** Kotlin, Java, HTML5, CSS3, TypeScript
- **Android UI & Architecture:** Jetpack Compose, XML, Navigation 3, Google Jetpack Libraries, Multi-module architecture
- **Core Android:** Dagger Hilt, Retrofit, Room, SQL
- **Deployment:** Google Play Console, Huawei App Gallery management

PROFESSIONAL EXPERIENCE

Orion E Mobility DOO | Belgrade, Zemun (09/2023 - Present)

Mobile Application Developer

- Architected and developed the Toll4All mobile application entirely from scratch.
- Engineered features allowing users to track Tag usage, review passages, add payment methods, and handle billing.
- Successfully scaled the application to support over 45,000 active users and continuing to grow.
- Manage full release cycles and production builds via the Google Play Console.

SYMBIOT DOO | New Belgrade (11/2022 - 09/2023)

Senior Android Developer

- Led development and maintenance for the Workforce and Yubelee HR applications.
- Modernized legacy codebases while building out new, complex features including geolocation services and leave submission workflows.
- Maintained continuous delivery of production builds across both Google Play Console and Huawei App Gallery.

FEATURED PROJECTS

Biteflow Mobile Application | Personal Project | 04/2026 - Present

- Developing a fully modern, multi-module cookbook application.
- Built entirely using a strict modern stack: 100% Kotlin, Jetpack Compose, and Jetpack Navigation 3.

GW2 Assistant App | Play Store | 12/2021 - 02/2022

- Developed a companion application for the video game Guild Wars 2.
- Integrated the official REST API using Java and XML-based UI.

EDUCATION

University of Novi Sad, Faculty of Technical Sciences

Bachelor in Engineering Management (10/2009 - 10/2017)

FTN Informatika (Novi Sad)

Android Development & Java OOP Basics (09/2019 - 12/2020)
